### Care Instructions

### Areas of application

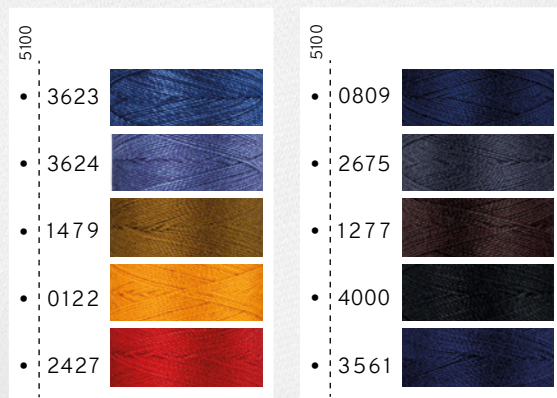

Thanks to its perfect combination of polyester core and cotton covering, DENIM DOC is the perfect thread for denim seams and for darning. The thread is particularly well-suited for closing, topstitch and overlocking seams. Excellent results can also be achieved when used as needle thread for matt embroideries.

### Product features

- **Special denim colors**  
DENIM DOC is available in ten classics, appealing denim colors.
- **Optimal sewability**  
The thread is very suitable for standard sewing and embroidery machines. The perfect combination of polyester core and cotton covering guarantees an outstanding performance during sewing and in the seam.

Art. no.	Raw material	Strength	Length	Colours	Linear density	Needle size	Tensile strength	Elongation at break
5100	70% polyester (core) 30% cotton, core spun thread	75	100 m / 109 yds	10	approx. Nm 47/2 (dtex 214*2)	Nm 90-100	approx. 2079 cN	approx. 24 %
