

Stretching for fantasy

AREAS OF APPLICATION

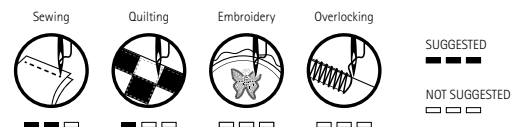

For general sewing purposes, this highly ELASTIC thread, made of elastane and polyester, is particularly suited for smocking on both rigid and stretchable fabrics as well as for frill seams in hemming. For quilting and embroidery, beautiful 3D effects can be achieved.

The ELASTIC thread should only be used on the sewing machine as bobbin thread. Here the intensity of the ripple can be regulated using the bobbin thread tension. It is absolutely necessary to secure seam beginning and seam end. It is also recommended to use relatively long lockstitches.

PRODUCT FEATURES

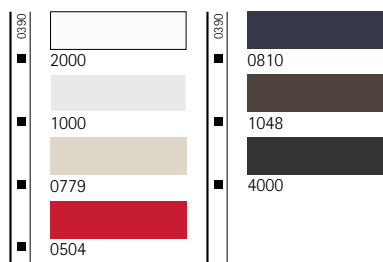

- **Large colour selection**
The ELASTIC thread by Mettler is available in 7 different colours.

RECOMMENDATION OF APPLICATION

Article no.	Raw Material	Strength	Length	Number of colours	Linear density	Tensile strength cN	Elongation at break %	Care Instructions
0390	62% Elastane 38% Polyester	18	10 m / 11 yds	7	ca. Nm 3,4 (tex 294)	ca. 1000	ca. 360
